

Book Club

Become an Art Collective WA Book Club member and help support Western Australian artists to publish and promote their work.

Artists books are vital in the development of an artists career but come at a cost. By becoming a Book Club member your funds will be used to produce a major publication on an important local artist which will include commissioned essays by prominent arts writers and historians.

All Book Club members will receive a copy of the book and an invite to the book launch. Institutional members will receive 3 copies of the book, and our corporate members will receive 5 copies of the book and their logo will be included in the publication and on our website.
